WORK EXPERIENCE

LINKKIWI PVT. LTD

Software Engineer   Jun 2023 - Present

- Developed full-stack features using the MERN stack (MongoDB, Express.js, React, Node.js) for various in-house and client projects.
- Built and maintained the front end of the LinkKiwi platform using React and Tailwind CSS with a focus on responsive, user-friendly design.
- Created Meetify, a Zoom-replica web app using React, Tailwind CSS, ShadCN, Stream, and Clerk for real-time video communication and authentication.
- Integrated Firebase and RESTful APIs for real-time updates and secure user management.
- Developed reusable UI components and implemented clean code practices for maintainability.
- Collaborated with international clients and remote teams to deliver scalable, performant solutions.

EDUCATION

MGM'S COLLEGE OF COMPUTER SCIENCE & TECHNOLOGY

Bachelor of Science (Computer Science) - 8.50 CGPA   june 2022 - june 2025

PROJECTS

LinkKiwi 🔗   Jan 2025 - Feb 2025
- Developed a service-based web platform using **React**, **Tailwind CSS**, and **Firebase**.
- Built reusable UI components for a consistent and responsive user experience.
- Integrated real-time features for better client engagement and service interaction.

Meetify 🔗   20 Jan 2025 - 20 Mar 2025
- Built a real-time video conferencing web application inspired by Zoom using **React**, **Tailwind CSS**, **ShadCN**, **Stream**, and **Clerk**.
- Implemented real-time messaging, video calls, authentication, and secure user management.

SKILLS

Technical Skills:

MERN Stack (MongoDB, Express.js, React.js, Node.js), MySQL, Java (Core Java, OOP Concepts), REST API Development, WebSocket & Real-Time Communication, Responsive Web Design, Authentication (Clerk, Firebase Auth)

Tools & Technologies:

Docker (Containerization Basics), Firebase Integration, Tailwind CSS & ShadCN UI, Vite.js, Git & GitHub

Language

English Intermidiate

Hindi Advanced

Interests

- Playing esports and competitive gaming
- Exploring emerging technologies
- Continuous learning and personal development
